### Entering the Shadowy Realm

White's to the world of video vixens began at the tender age of 19. Desperate for a way out of her struggling existence, she was lured by the promise of fame and fortune. Little did she know that she was stepping into a realm where her body would become a commodity and her dignity a mere illusion.

Through vivid and unflinching prose, White recounts the casting processes that often involved degrading and invasive examinations, leaving her feeling objectified and dehumanized. She describes the constant pressure

to maintain an unattainable image, leading to a cycle of anorexia and self-hatred.
