

How to Build a Complete Tactical Go Bag of Guns, Ammo, and Other Weapons to Bug Out

In the event of a natural disaster or other emergency, it is essential to have a plan and the supplies you need to survive. One of the most important things you can do is to assemble a tactical go bag filled with the essential guns, ammo, and other weapons you need to defend yourself and your loved ones.

What to Include in Your Tactical Go Bag

When assembling your tactical go bag, it is important to consider the specific needs of your family and situation. However, there are some general items that everyone should include:

- **Guns:** The most important item in your tactical go bag is a firearm. This will allow you to defend yourself and your family from threats. Choose a firearm that you are comfortable shooting and that is appropriate for the type of environment you will be bugging out to.
- **Ammunition:** Make sure to have plenty of ammunition for your firearm. You should also have a variety of ammunition types, such as hollow-point rounds for self-defense and ball rounds for target practice.
- **Other weapons:** In addition to a firearm, you may also want to include other weapons in your tactical go bag, such as a knife, an axe, or a machete. These weapons can be used for self-defense, food preparation, or other tasks.
- **Food and water:** You will also need to include food and water in your tactical go bag. Choose foods that are non-perishable and easy to eat, such as canned goods, granola bars, and energy bars. You should also have plenty of water, either in bottles or in a water filtration system.
- **First-aid kit:** A first-aid kit is essential for treating injuries. Make sure to include bandages, antiseptic, pain relievers, and other essential medical supplies.
- **Clothing and gear:** You will also need to include clothing and gear in your tactical go bag. Choose clothing that is comfortable and appropriate for the climate you will be bugging out to. You should also include a raincoat, a hat, and gloves.
- **Other essential items:** In addition to the items listed above, you may also want to include other essential items in your tactical go bag, such as a flashlight, a whistle, a map, and a compass.

How to Pack Your Tactical Go Bag

Once you have assembled all of the essential items for your tactical go bag, it is important to pack it properly. Here are a few tips:

- **Start with the essentials:** The first items you should pack are the essential items that you will need to survive, such as food, water, and shelter. Make sure these items are easily accessible.
- **Pack for comfort:** When packing your go bag, make sure to distribute the weight evenly. You should also make sure that the bag is comfortable to carry. If possible, use a backpack with padded shoulder straps.
- **Secure your weapons:** Make sure to secure your weapons properly before packing them in your go bag. This will prevent them from being damaged or accidentally discharged.
- **Keep it organized:** Use packing cubes or other organizational tools to keep your go bag organized. This will make it easier to find the items you need quickly.

Assembling a tactical go bag is an essential step in preparing for a disaster or emergency. By following the tips in this article, you can build a go bag that will help you and your family survive and thrive in any situation.

Author Bio: John Smith is a survivalist and firearms enthusiast. He has written extensively about survival gear and tactics, and he teaches survival courses to civilians and law enforcement officers.
