## Section 2: The 3 Core Strategies

The Simple System is built upon three core strategies:

- **Automated Investing:** Set up recurring contributions to your investment accounts, ensuring consistent growth.
- **Diversification:** Invest in a broad mix of assets (e.g., stocks, bonds, real estate) to minimize risk and maximize returns.

- **Long-Term Horizon:** Stay invested over the long haul, weathering market fluctuations and capitalizing on compounding returns.

### Section 3: Achieving Market-Beating Returns

Historical data has consistently shown that a disciplined long-term investing approach outperforms actively managed funds and market benchmarks.

By sticking to your investment plan, you can benefit from the power of compounding and let the market work its wonders.
